

EDXIS

CHROMEBOOK 11 (S20-X)

Designed for Education
with Unique Features that
Promote Learning

*Wacom Stylus and Digitizer features only for X11W model

A BREAKTHROUGH DESIGN. MORE TIME, LESS HASSLE

In collaboration with Intel Education, **Edxis Chromebook 11 (S20-X)** is hassle-free right out of the box - teachers and students can get up and running quickly. They get their own personalized apps, settings and bookmarks when they log in.

360 DEGREE FLIP FOR MAXIMUM VERSATILITY

Chromebooks are designed from the ground up to defend against malware and viruses. Security and software updates install automatically as well.

In addition, the 360 degree flip functionality, allows for versatile and wide user needs. The retractable handle also makes it easy to carry. A student can also “hook” the device to their cubby or locker.

STRONGER FROM THE OUTSIDE IN. DEEPLY POWERFUL.

The Edxis Chromebook 11 (S20-X) is built to withstand bumps and accidental drops from desktop height (up to 70cm). Besides, the water resistant keyboard channels liquids (up to 330ml) away from the electronics to prevent damage. The rugged design helps to reduce out-of-classroom servicing downtime, replacement part costs, and helps to extend the life of the device.

The fanless design reduces noise and eliminates the need for bottom vents. In addition, with up to 12 hours of battery life, teachers and students can work where they need to without a power cord.

PRODUCT SPECIFICATION

Designed for Education
with Unique Features

Unique features that promote learning

- Latest Intel® Celeron® Quad-Core N4120 processor optimising compatibility with the latest Android Apps and providing best user experience on Chromebook
- 360 degree flip, with retractable handle, allowing for versatility and wide user needs
- With fast and accurate control, and a natural writing experience the Wacom® Technology pen provides unsurpassed usability (S20-XW model only)
- Newest and powerful LPDDR4 to support up to 4GB RAM option
- Up to 12 hours of battery life for all-day learning

Rugged & Durable

- Drop resistant - built to withstand bumps and accidental drops from up to 70cm. Stronger, thicker rear cover, frame around the screen sides and corners also absorb the force of bumps and reduce damage when dropped
- Water resistant keyboard channels spills (up to 330ml) away from the electronics to prevent damage. Sealed touchpad protects electronics from moisture and spills.
- Anti-peel keys resist removal by students

Operating System

Chrome OS

Display

11.6" inch 1366 x 768 resolution 16:9 HD Touchscreen (S20-XT Model) /
Wacom Digitizer (S20-XW Model)

Connectivity

Intel® Dual Band Wireless / Bluetooth 802.11AC

Processor

Intel® Celeron® Quad-Core N4020 Processor (Up to 2.8Ghz)

Memory

4GB LPDDR4 2400MHz

Storage

32GB eMMC and unlimited Google Drive cloud storage for Education

Camera / Microphone

HD Camera for world facing, FHD Camera for front facing with indicator

Battery

Up to 12 hours of battery life. Li-Ion 3 cells (3320mAh/cell) polymer, 38Wh.
